CALENDAR (Main Screen)

Today Summary — card at top shows class count, done vs pending, next class

Month Grid — click any date to see that day's classes on the right

Arrow buttons — navigate months. "Today" jumps back to current date

Dot colours — green = all done, red = has pending/missed classes

On mobile — calendar becomes a scrollable 2-week list

SCHEDULING A CLASS

- Click a date on the calendar grid
 - Tap the "+ Schedule Class" button
 - Pick student, date, time, mode (online / in-person)
- Conflict check** — warns if another class exists at same time
- Save** — the class appears on the calendar immediately

RECURRING WEEKLY SLOTS

- Go to the "Recurring Slots" tab
 - Tap "+ Add Recurring Slot"
 - Pick student, day of week, time, mode
 - Classes are auto-created 4 weeks ahead and refill each week
- To stop** — click "Remove". Existing classes stay on calendar

MANAGING EACH CLASS

Tick button — mark class as completed

Pencil button — edit the time, date, student, or mode

Cross button — cancel the class

Completed — appears faded on the calendar

Cancelled — shown with a strikethrough

WHATSAPP REMINDERS

Phone icon next to each class — tap to open WhatsApp

Message is pre-filled — just hit Send

Remind All — button appears when 2+ classes pending on a day

- Opens each student's WhatsApp one by one (keep tapping Send)

MANAGING STUDENTS

- Go to the "Students" tab
 - + Add Student** — name, email, password, WhatsApp, level, type
 - Students log in with the email and password you set for them
 - They see only their own classes (read-only, cannot edit)
- Search box** — filter students by name
- Edit / Delete** — buttons on each student row
- Click student name on the calendar** — see their full profile
- Shows upcoming and past class history
